ERC team of INS2I

- **Initiated by Christian Jutten in summer 2012**

- **A team of scientists (about 45 people)**
  - ERC awardees, mainly in PE6 and PE7
  - Former members of ERC panels, mainly PE 6 and PE7
  - A few punctual experts, especially outside PE6 and PE7

- **Main actions**
  - Guides for applicants, and for local sponsors
  - Information meetings: for candidates, local sponsors, lab director and team leaders
  - Proofreading by scientists
  - Preparation/rehearsal for the interviews (StG and CoG)

Guides designed by the ERC team

- **Guide for applicants: advices for writing the project**
  - 20-page summary, yearly updated following ERC Work Program
  - Provide basics on ERC project, reviewing, writing advices
- **Guide for reviewers : proofreading like an ERC reviewer!**
  - Information and advices written by former panel members
  - For scientists who would locally support ERC candidates
- **Guide of ERC interview (for Starting and Consolidator)**
  - Description of interview + feedbacks of candidates
  - Document sent to candidates who succesfully pass Step 1
- **Documents, written by awardees and former panel members** - sent under request to MC Rousset – Available on INS2I web site

Support for preparing an ERC project

- **Support for writing the project**
    - Complementary with local helps and coatching
    - Focused on scientific proofreading by 2 experts (ERC awardees or former panel members)
    - One expert close to the project + one expert of the panel

- **Preparation for the interview (for Starting et Consolidator)**
    - Rehearsal with awardees and former member of panels
    - Strictly following the sequence of the ERC interview
    - Video recording of the rehearsal given to each candidate
